

# Imagine

## A PLACE WHERE LEARNING NEVER STOPS

Where you start in your career at Travelers is only the beginning. With thousands of different jobs around the world, the only limit to opportunity is your ambition and imagination. What you learn in one area can lead to unexpected places, into careers you may have never imagined.

As an Actuarial Intern you may have exposure to different levels of management and attend a few networking/social events and training courses. Actuarial interns are viewed as a source of future candidates for an Actuarial Leadership Development Program (ALDP) internship or entry-level actuarial career opportunity.

### ACTUARIAL INTERNS

- Participate in a challenging actuarial work assignment that adds value and impact to the business
- Gain firsthand business experience
- Receive valuable on-the-job training
- Learn about actuarial positions available in the insurance industry

## LOCATIONS AND AVAILABILITY

Positions available in Hartford, CT and Saint Paul, MN beginning in early June and lasting for approximately 10-12 weeks.

## CHALLENGING WORK IS ONLY HALF THE FUN

- **Mentorships.** Get matched with a full-time program participant for the summer.
- **Networking.** Have direct connections to management and senior leadership through networking events.
- **Training.** Customize your own training plan, with technical and non-technical course offerings.
- **Career Growth.** Opportunity to apply and interview for return internships and full-time positions with Travelers.

Travelers interns spent time making literacy kits during a community service event at the annual Intern Symposium in Hartford, Connecticut.

“As an actuarial intern, I had the opportunity to develop and strengthen my analytical, technical, and communication skills early on in my career. From day one of the internship, I was immersed in the actuarial community at Travelers which actively works to engage and support its members. In this environment, I was a valued team member engaging in meaningful project work that would ultimately influence business decisions.”

– Felipe, Previous Actuarial Intern
